BACKGROUND DETAILS

Ethiopia Limu 3 Natural Nigusse Lemma is sourced from a family-owned farm in Meto Gundb, in the Limu region of southwestern Ethiopia. The owner, Lemma Edeto, began working in coffee 60 years ago and has passed down his knowledge to his sons, Nigusse and Haile, who operate the farm which their father recovered after it had been confiscated by the Derg regime in the 1970's. The farm sits at the highest elevation in the region with old growth shade trees, naturally spring-fed streams, and native varieties of heirloom coffee that grow organically by default. The family also mills the coffee, giving them full control of the processing up to the final export stage.
