Harvest April-June | September-January  
Altitude 1300 – 1650 masl  
Soil Volcanic loam  
Process Fully washed and dried in the sun  
Certifications: Conventional

### **BACKGROUND DETAILS**

Colombia Bucaramanga Supremo 17/18 is sourced from family owned farms located within the municipality of Bucaramanga in the department of Santander, Colombia. On average, each producer cultivates their coffee on less than 5 acres of land. Coffee producers use their own micro-mill to process harvested cherries, which allows for meticulous care in depulping, fermenting, and drying the coffee. Expocafé, an exporter dedicated to supporting small producers, collaborates with these producers improving their access to international markets and establishing higher earnings.
