Certifications:

BACKGROUND DETAILS

Biodiversity is a heritage for humanity. This is the philosophy of coffee growers in South Santander, Colombia. This, being our best-selling coffee, was in the first container that Single Origin and EPA Balvara exported together. We're very proud of the relationship we have developed with the community of Curiti and San Gil, and especially with the Wandurraga Family owners of four farms and two of the Vasquez Brothers farms, where all this coffee comes from. For the last 12 years, we have been importing these coffees, and every year we select the best of our friends, the farmers in the region. We proudly present it to you.
