BACKGROUND DETAILS

Guatimi Specialty Coffee Farm is located in the Alta Mogiana region, in the Guatimi-Lage area, State of Minas Gerais, Brazil.

The rich volcanic soil, high altitude and the mild climate as result of the Rio Grande river breeze, perfectly provide moisture and nutrients to the coffee plants.

The natural process ensures a clean, uniform and harmonious cup quality, sweet and low citric acidity, balanced body all while offering a prolonged and delicate aftertaste.

Guatimi Specialty Coffee is committed to the use of sustainable techniques for the management of the coffee plantations, respecting the environment and workers, as well as aiming at the development of the region. Minimizing the environmental impact and ensuring social responsibility.
